

Google Voice Instructions:

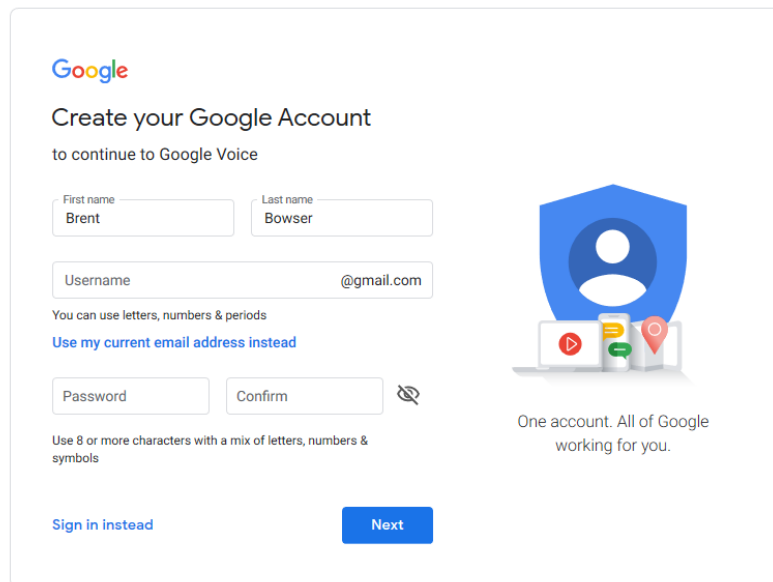

1. Head over to <https://voice.google.com>
2. Click “For personal use”, then click “Web”.

3. Sign up using your **UGA Email Associated** Google account.
 - a. If you do not have an UGA Email Associated Google account, follow these steps:
 - i. Click “Create account”, then click “For myself”.

- ii. Fill out your First and Last name.

iii. Click use my current email address instead.

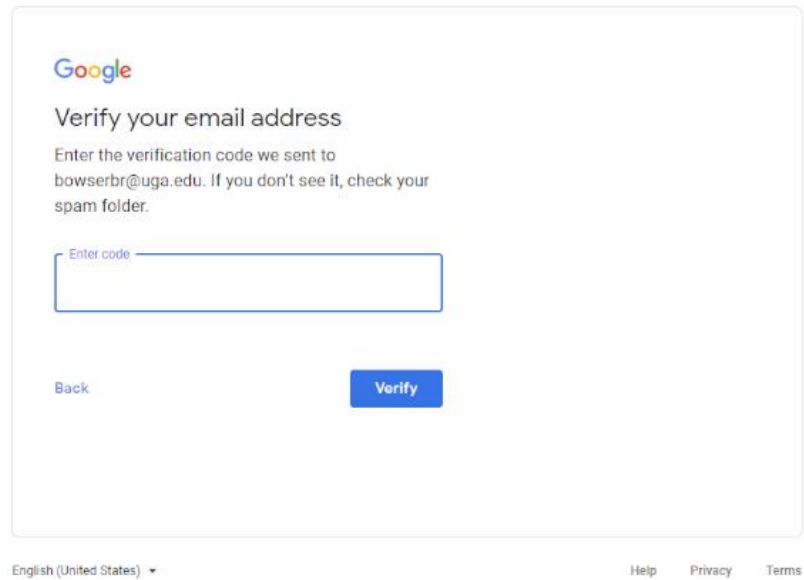

The screenshot shows the Google Account creation interface. At the top, the Google logo is followed by the heading "Create your Google Account" and the subtext "to continue to Google Voice". Below this are input fields for "First name" (containing "Brent") and "Last name" (containing "Bowser"). A "Username" field is partially filled with "@gmail.com". A red circle highlights the link "Use my current email address instead" located below the username field. Below the link are "Password" and "Confirm" fields, with a note: "Use 8 or more characters with a mix of letters, numbers & symbols". At the bottom left is a "Sign in instead" link, and at the bottom right is a blue "Next" button. On the right side of the page, there is a blue shield icon with a person silhouette, and below it, icons for YouTube, Gmail, and Maps. The text "One account. All of Google working for you." is positioned below these icons.

iv. Enter your **UGA Email**.

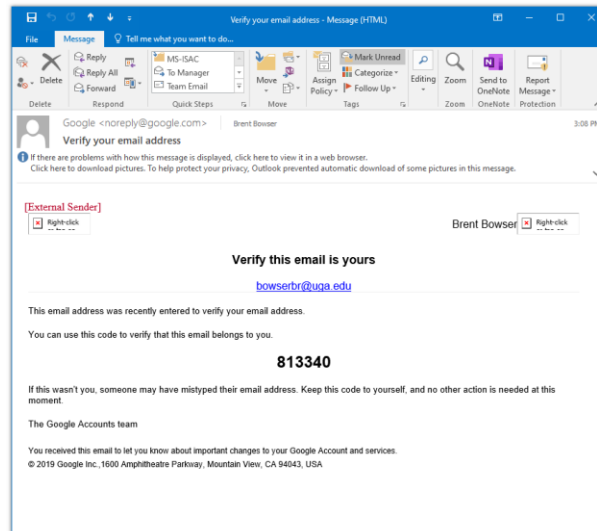

This screenshot shows the same Google Account creation page as the previous one, but with the "Your email address" field filled with "browserbr@uga.edu". The "Use my current email address instead" link is now blue and underlined. The "Next" button remains blue. The rest of the page layout, including the Google logo, name fields, password fields, and the "One account. All of Google working for you." message, is identical to the previous screenshot.

v. Create a password, and then click "Next".

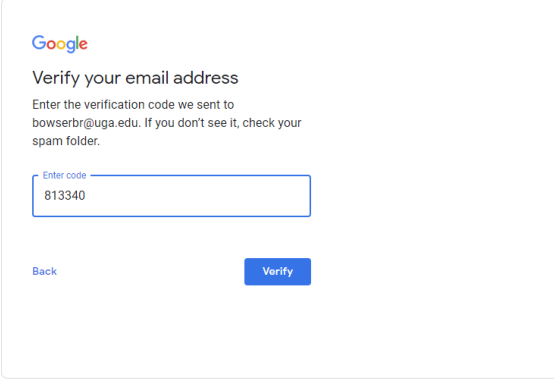

4. Verify your email address.

i. Open your **UGA Email** and retrieve the verification code.

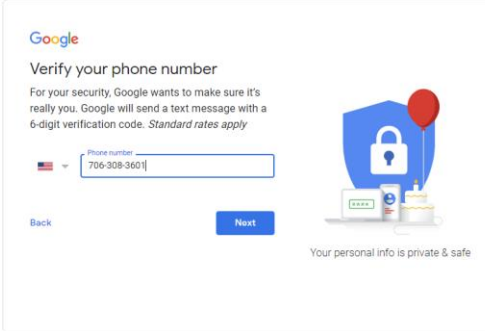

- ii. Enter this code in the “Enter code” box, and then press “Verify”.

The screenshot shows the Google 'Verify your email address' page. At the top is the Google logo. Below it, the heading 'Verify your email address' is followed by the instruction: 'Enter the verification code we sent to bowserbr@uga.edu. If you don't see it, check your spam folder.' A text input field labeled 'Enter code' contains the number '813340'. Below the input field are two buttons: 'Back' on the left and 'Verify' on the right. At the bottom of the page, there is a language selector set to 'English (United States)' and links for 'Help', 'Privacy', and 'Terms'.

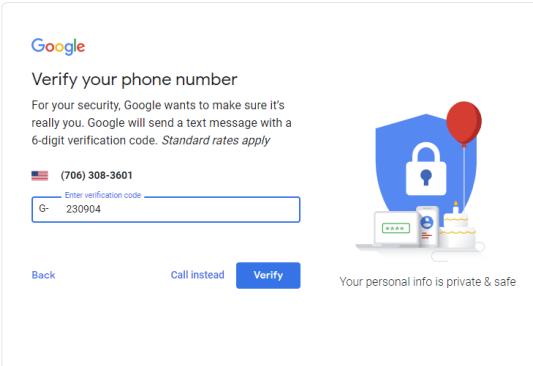

5. Verify your phone number

- i. Enter your phone number (if you have a work number, use that number). Then press “Next”.

The screenshot shows the Google 'Verify your phone number' page. It features the Google logo and the heading 'Verify your phone number'. The text below reads: 'For your security, Google wants to make sure it's really you. Google will send a text message with a 6-digit verification code. Standard rates apply'. A phone number input field shows '(706) 308-3601' with a US flag icon to its left. Below the input field are 'Back' and 'Next' buttons. To the right is an illustration of a smartphone, a laptop, and a red balloon. Below the illustration is the text 'Your personal info is private & safe'. At the bottom, there is a language selector set to 'English (United States)' and links for 'Help', 'Privacy', and 'Terms'.

- ii. Google will send a **text message** with a verification code to the number you entered. Retrieve that code, place it in “Enter verification code”, and then press “Verify”.

This screenshot is similar to the previous one, but the 'Next' button is replaced by 'Call instead' and 'Verify'. The 'Enter verification code' input field now contains the code '230904'. The rest of the page, including the Google logo, instructions, phone number, and footer, remains the same.

6. Google Account Setup

- i. Google will then ask you to fill out your birthday and gender. Fill out the info it is requesting, then press “Next”.

Google
Brent, welcome to Google
bownetr@uga.edu

Phone number (optional)
706-309-3501

We'll use your number for account security. It won't be visible to others.

Month: January Day: 01 Year: 2000

Combining data
We also combine this data among our services and across your devices for these purposes. For example, depending on your account settings, we show you ads based on information about your interests, which we can derive from your use of Search and YouTube, and we use data from trillions of search queries to build spell-correction models that we use across all of our services.

You're in control
Depending on your account settings, some of this data may be associated with your Google Account and we treat this data as personal information. You can control how we collect and use this data now by clicking "More Options" below. You can always adjust your controls later or withdraw your consent for the future by visiting My Account (myaccount.google.com).

7. Google Voice Final Steps

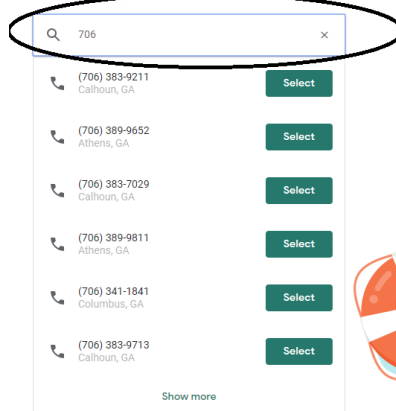

- i. The “Welcome to Google Voice” screen will appear. Press “Continue”.

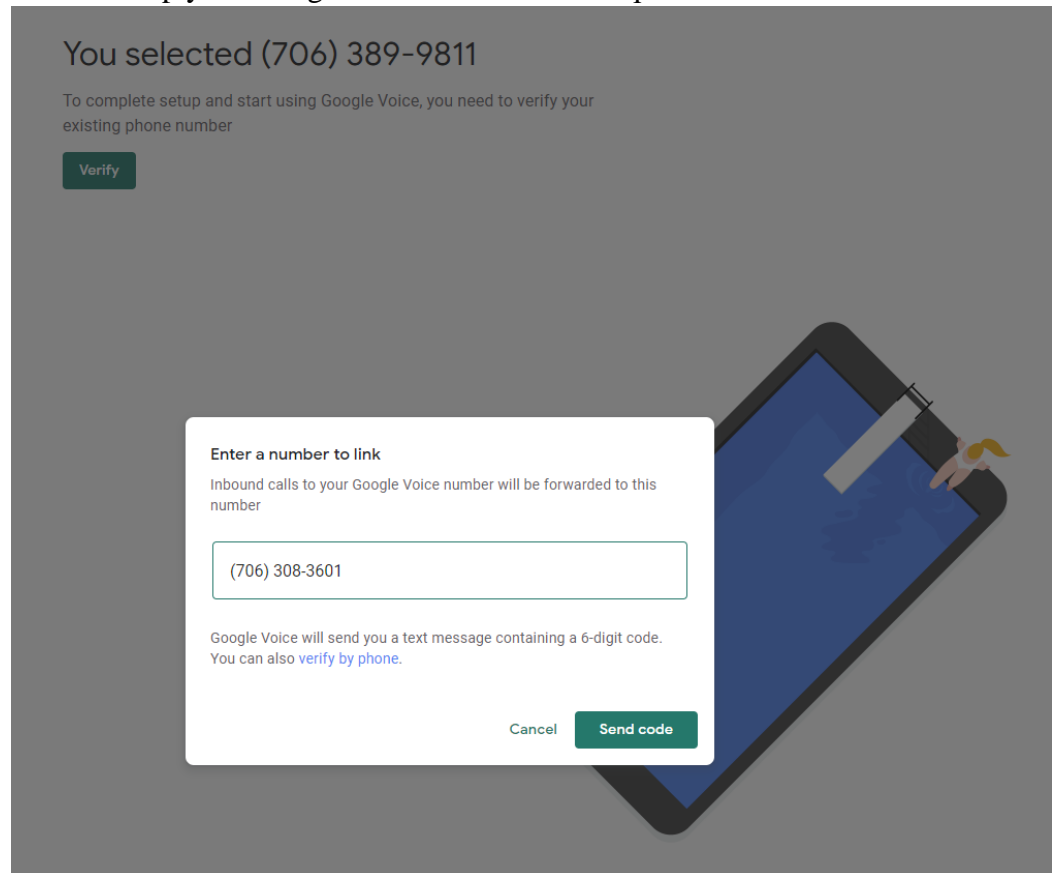

- ii. Google will ask you to choose a Google Voice number. In the search box, type “706”, and then select a number.

Choose a Google Voice number

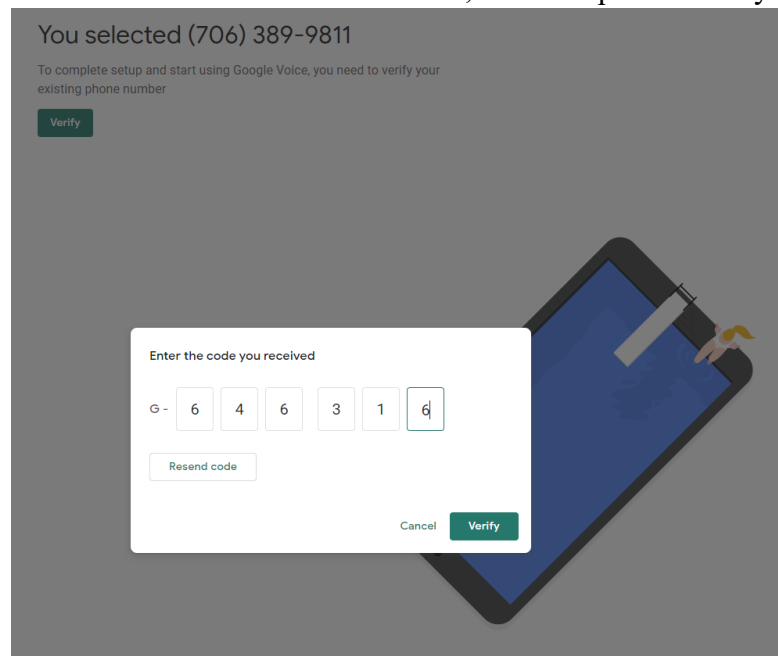

Search for available numbers by city or area code.

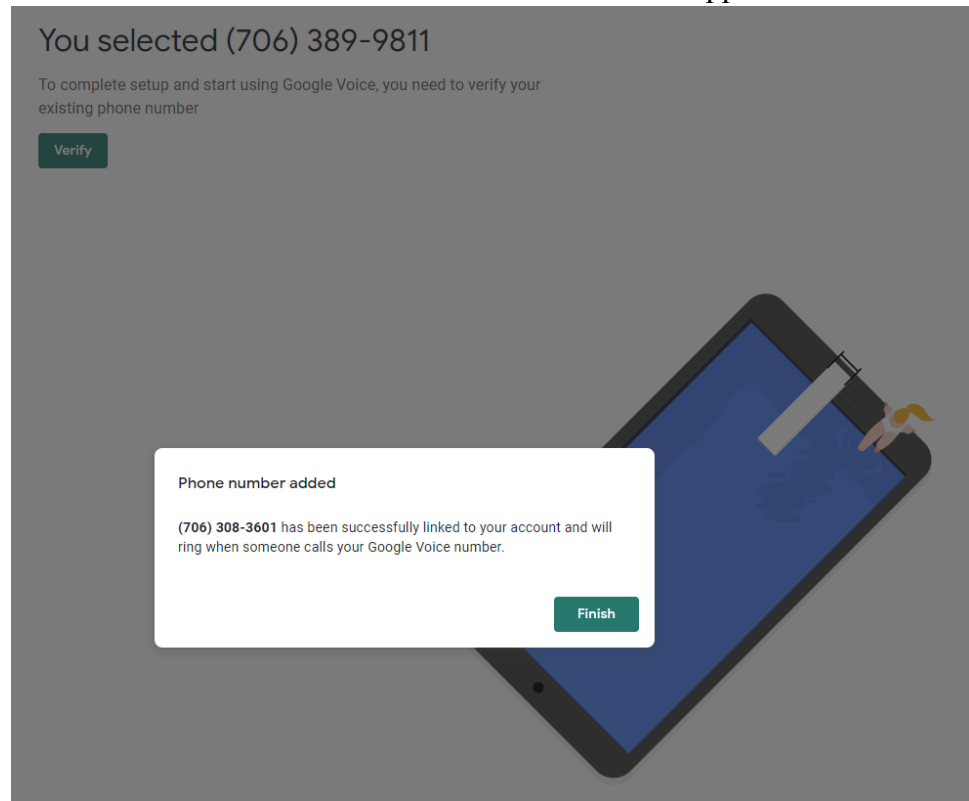

- iii. Google will ask you to link a phone number again. Use the number you used to setup your Google account earlier. Then press “Send Code”.

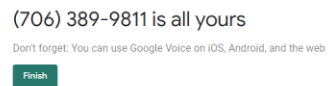

- iv. Retrieve the code that was sent to that phone number from Google. Enter the code in the boxes after the “G-”, and then press “Verify”.

- v. Click “Finish” when the “Phone number added” box appears.

- vi. A screen should appear with a message saying that this new number is all yours. Press “Finish”.

8. You are all set! This is what the google voice homepage looks like:
